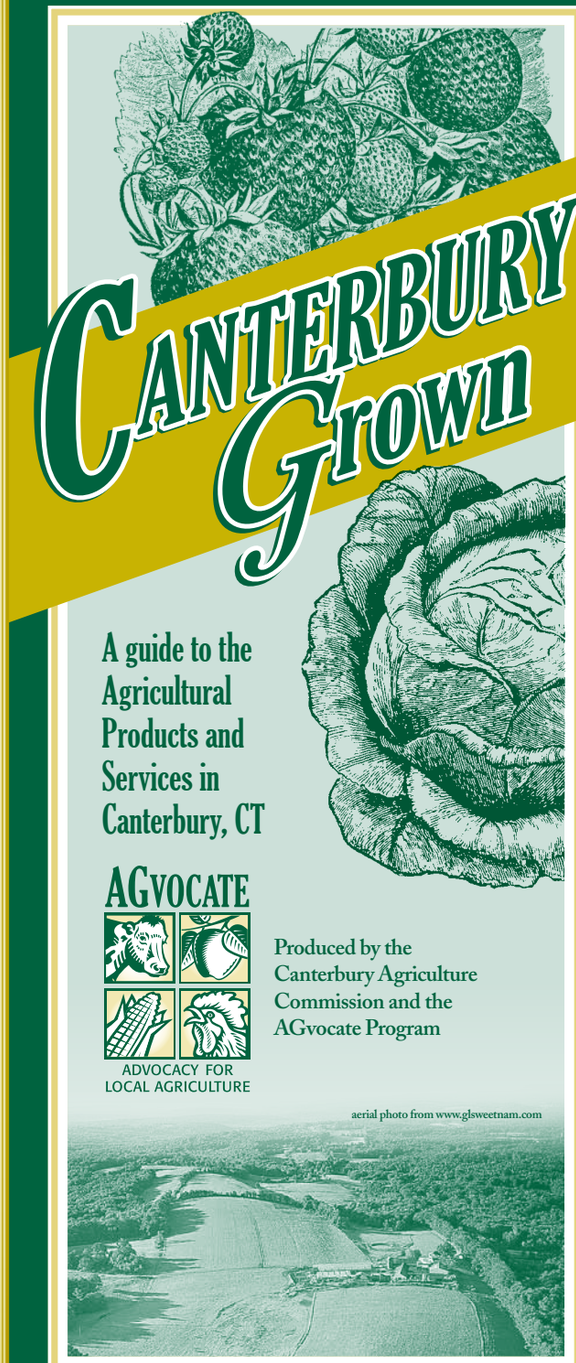
CONNECTICUT GROWN

Spring 2011

GROWN IN THE LAST GREEN VALLEY



The Canterbury Agriculture Commission

was established to help represent, encourage and promote agriculture. Join us at meetings; let us know you'd like to be in this brochure; http://canterbury-ct.org/, click on Boards & Commissions.

The AGvocate Program

The AGvocate Program began in 2009. Funded through CT Department of Agriculture Farm Viability Grants, it provides a forum for municipal officials, agricultural producers, and other stakeholders to strengthen the farm-friendliness of eastern Connecticut towns. Funding for this brochure was made possible through a grant from The Last Green Valley, Inc. (www.tlgv.org). More information about the AGvocate Program is available at AgInfoTLGV.org/AGvocate, or by contacting Jennifer Kaufman at 860-450-6007, AGvocate@yahoo.com.

For comprehensive resources

about promoting local agriculture in northeastern CT go to AgInfoTLGV.org.

You hold the key to the future of our agriculture by buying food, fiber and forest products from local farms, businesses, farmers markets and farm stands; and by supporting town or state policies that keep farms and forests viable.

The Last Green Valley
